

Which clasp will you choose?

**Conventional
Metal Clasp**

**myerson
VisiClear
Clasp**

For the most natural look and comfortable fit, choose myerson VisiClear clasps for your partial denture.

myerson VisiClear clasps are made from a state-of-the-art thermoplastic material that is lightweight, flexible, and stain-resistant.

**myerson
VisiClear®**

Why should you ask for
myerson
VisiClear[®]

clasps on your partial denture?

- **Natural looking** – Blends with your natural teeth.
- **Comfortable** – Lightweight & flexible.
- **Durable** – Strong & stain resistant designed to last.

“ VisiClear is an important part of my cosmetic dentistry. My patients love how VisiClear clasps just disappear in their smiles.”

Dr. V. Kim Kutsch
